

Imagination Studio Suite 2

Create, edit, & share your digital life

Imagination Studio™ Suite 2 combines five powerful Sony applications and 360 exclusive music soundtracks so you can enhance and share your music, photos, and movies like never before. Turn your video shoots into Hollywood-style movies. Make your own original music or create remixes and mash-ups of your favorite songs. Organize all your photos. Then, author your project to DVD or burn it to Blu-ray Disc™ and share your digital life with family and friends.

Vegas™ Movie Studio HD Platinum

- Edit standard and high-definition video
- Mix and encode 5.1 surround sound
- Enhance movies with effects, transitions and titles
- Share movies on PSP®, iPod®, iPhone®, online, and more
- *Show Me How* interactive tutorials

DVD Architect™ Studio

- Create DVDs and Blu-ray Disc™ projects with custom menus and graphics
- Works with standard and high-definition video
- Make your own DVD menus so viewers can select their favorite scenes
- Author multimedia DVDs with a movie, slideshow, and music all in one
- Choose from 56 beautifully designed themes

ACID™ Music Studio

- Turn your PC into a complete recording studio
- Record, edit, and mix live vocals, instruments, and MIDI
- Use over 1,300 ACIDized® loops to add virtual musicians
- Includes Studio Devil™ British Valve Custom guitar amp and TruePianos™ Amber Lite piano plug-in
- Share your music on CD, PSP®, iPod®, iPhone® and online

Sound Forge™ Audio Studio

- Record audio from virtually any source
- Digitize and restore vinyl and cassettes
- Remove vocals from songs to create karaoke tracks
- Perfectly synchronize audio with video
- Create your own music CDs in minutes

Photo Go™

- Automatically import photos from your camera
- One-click fixes make pictures look great
- Organize and rate your photos
- Create compelling picture slideshows
- E-mail photos to family and friends

Exclusive Music Soundtracks
