

ACID™ Music Studio 8

Music creation, remixing & sharing made easy

If you're serious about making your own music, ACID™ Music Studio is the perfect tool for original song creation, audio recording, MIDI production, studio-quality mixing, and effects processing. Share your songs any way you want—burn CDs, upload to the Web, or export to MP3 for portable devices like the PSP® or iPod®. With built-in tutorials to guide you, you'll be composing, remixing, and mastering like a pro in no time.

Music Creation Made Easy

- Easily record live instruments and vocals
- Simple drag-and-drop music creation
- *Show Me How* tutorials provide step-by-step help

Create Original Music with Loops

- Loops are samples of performances, edited to repeat seamlessly in your composition
- Includes more than 3,000 ACIDized® studio-quality loops
- Create new loops with the Chopper editing tool

Studio Multitrack Recording

- Record track by track, or capture the entire band at once
- Unlimited tracks for audio and MIDI
- Total control over volume, panning, and effects on each track

Record and Edit MIDI

- Includes powerful MIDI editing and sequencing tools
- Supports VSTi and DLS virtual instruments
- Includes 90 DLS instruments containing MIDI files for easy song creation

Add Studio-Quality Effects

- Spice up your music using effects like EQ, reverb, delay, chorus, and distortion
- Change the pitch and tempo of your mix in real time
- Includes Studio Devil™ British Valve Custom guitar amp and TruePianos™ Amber Lite piano plug-in

Share Your Creations

- Save music to popular formats including MP3, AAC, and WAV
- Create your own music CDs in minutes
- Share your music on portable devices like PSP®, iPod®, iPhone®, and more plug-in

For a complete list of ACID Music Studio 8 features and for technical specifications, go to www.sonycreativesoftware.com
