

Connect Ethernet-enabled devices to the Internet

- Wirelessly connects any Ethernet-enabled home theater device to your existing network
- Connects your Xbox 360[®], PS3™, TiVo[®], VUDU, Blue-ray player, Internet TV's and others to the Internet
- Powered by any USB port, avoids an additional power outlet and exposed wires
- Compact design provides space-saving placement on to your HDTV
- Push 'N' Connect secures connection to the existing network at a push of a button, true plug-and-play

STEP 1

Follow steps of the NETGEAR Smart Wizard wireless connection utility

STEP 2

Push the Push 'N' Connect button on your router

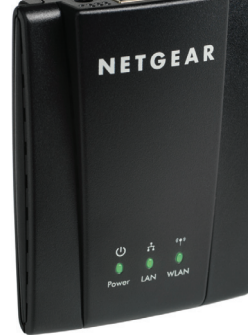

STEP 3

Connect securely

Power (USB or wall plug) Ethernet Port Reset Button
